An **internship program** that prepares you for the future, starting today!

Our companies offer students a variety of opportunities to grow and learn as they prepare for the future. The students we hire often do the very same work as our full-time people, which means you're getting an authentic and rewarding work experience. Earn credits and a competitive hourly wage all while making an impact and helping your team reach its goals.

More than 150 students participate in our program throughout the year. Think you might be a fit? Apply at usli.com/students.

WHY WE'RE *different* FROM OTHER COMPANIES

- ▶ All major areas of study accepted – no insurance experience is necessary
- ▶ On-site educational opportunities with cash incentives
- ▶ Student Ambassador program that promotes company involvement
- ▶ Opportunity to shadow other areas of the business
- ▶ Focus on caring, attitude, respect, empathy and energy as company values

OTHER PERKS

- ▶ Opportunities to meet with the CEO
- ▶ Free lunch every day
- ▶ Complimentary fitness center membership
- ▶ Casual dress code

Our goal at USLI is to strengthen our community and culture by representing all races, genders, religions and sexual orientations, and the students who represent our College Help Program are an important part of working toward that goal.

OUR STUDENTS *say it* BEST!

"I have had the opportunity to develop corporate and professional skills through USLI University and their degree programs, and, despite being from a branch office, I have been able to connect with students from all offices. I am incredibly grateful to have the opportunity to build my network."

– Tori, North Central College

"Being in the College Help program was one of the best choices I have made so far. I was able to gain leadership and communication skills, and I was also able to make connections with peers and leaders. I am very grateful for these connections that will help me further my career."

– Jacob, Eastern University

"Not only have I gained the skills that are needed to continue in my career, but I have made thousands of connections that I will be able to keep for a lifetime."

– Shenell, Cabrini University
