

**HOW  
WILL**

**UNLEASH  
YOUR FULL  
POTENTIAL?**

*Our students say it best!*

We like to think that our college help program is unlike any other because of the hands-on experience you will gain while working at USLI.

I genuinely feel that USLI has a vested interest in helping us grow not only as professionals, but as people; much of what I learned will be applied throughout my life long after graduation.

**- James,  
University of the Arts**

My internship has taught me the importance of being professional and being prepared for a career. Working at USLI has not only given me a chance to develop my soft skills, but it's also given me a platform to learn more about USLI as a company and the insurance industry.

**- Morgan  
Widener University**

USLI fulfills my desire to learn on a daily basis, and I could not be happier.

**- Rachael,  
Cabrini College**

Because of working at USLI, I feel like I understand the "why" behind what I'm learning, and I'm not afraid to ask questions. I am encouraged to be creative in order to complete tasks in the most efficient way and have learned the value of organizational and time management skills.

**- Matthew  
Temple University**

I can say that I am part of a team at USLI. I am given opportunities to build relationships with USLI leaders and other interns through programs like Student Leadership Outreach, and I have learned how I can stand out as a college student.

**- Vincent  
West Chester University**

Working at USLI has provided me with career building work experience, which has helped prepare me for my professional career. Everyone around our community is friendly and always willing to answer any questions I have.

**- Jeff  
Cabrini College**

My job at USLI is unlike any other job I've had before. The people who I work with truly want to see me succeed in the company and as an individual. As an intern, I can take advantage of the educational assistance program to help me pay back my student loans, free lunch, a fitness center, professional development classes and more. I feel like I'm part of the USLI experience.

**- Brianna  
Montgomery County CC**
